Dan's day

Page 1 of 3

Dan lives in a village in an African country called Uganda, with his mum and seven brothers and sisters. His village is in a wooded area. It has many dusty tracks, but no roads. There aren't any cars – people walk everywhere. There are cows, goats and chickens in the village.

The village is called Ogongora, which means 'thin'. It was called that because the people living there used to be very thin. This was because they did not have enough to eat.

Here's how Dan's days look. Have a go at filling in things you do each day below...

06:30: 'I wake up, pray and wash.'

Dan says, 'I wake up very early in the morning and pray in my room. I believe in God and don't ever have a day without prayer. My prayer to God is to give me an opportunity to be able to complete my education.'

DRAW OR WRITE ABOUT WHAT YOU DO WHEN YOU FIRST WAKE UP EVERY MORNING.

06:45: 'I run to school.'

Dan says, 'I come out of my room and wash my feet and face, and then I run to school. I meet my friend as I go to school. It takes about 15 minutes to get to school. I am at school by 7am.'

DRAW OR WRITE ABOUT HOW YOU GET TO SCHOOL.

12:30: 'We have break time and lunch.'

Dan says, 'They ring a bell for break at around 10 o'clock and there is a break at lunch when we play football. I love lunch break and I can play with my friends.'

DRAW A PICTURE OF WHAT YOU DO AT LUNCH BREAK.

16:30: 'We go home.'

Dan says, 'I finish school at 4.30pm. I stay at school until they close school. I have food when I get home and then go to the garden and help my mother in the garden (field). I like helping my mother to cultivate crops. I help to plant cassava or to harvest cassava.' This is a photo of the grain bank.

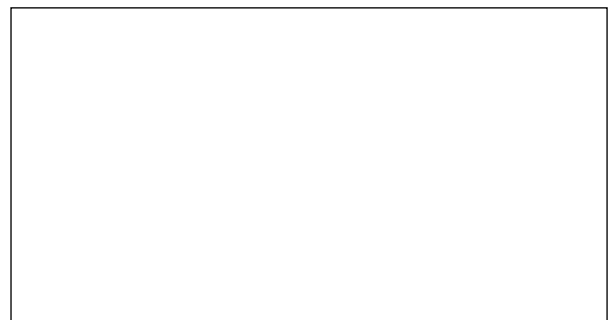

WHAT DO YOU DO WHEN YOU GET HOME? WRITE ABOUT OR DRAW YOUR FAVOURITE ACTIVITY.

20:00: 'I go to sleep in my paper bag.'

Dan says, 'I go to bed at around 8pm – we all go to bed then. I have a paper bag that my mother bought for me and that is where I sleep. I sleep on a sack filled with grass. I would really love to sleep on a mattress.'

WHAT DO YOU SLEEP ON? WHAT WOULD BE THE WORST THING TO SLEEP ON, AND THE MOST COMFORTABLE?
